OPTIONAL ACTIVITY: WINE TASTING EXPERIENCE

Meet at hotel lobby at 2:00 PM

PLEASE NOTE: *This activity is not included in spouse/guest fee. For more details, check at the onsite ACLI registration desk.*

San Pasqual Winery is a small, family owned winery located in La Mesa – just east of San Diego. Although the namesake dates to the 1970’s, when the winery was in the San Pasqual Valley, the winery was later “reinvented” as San Diego’s first urban winery, earning it a spot-on Sunset Magazines’ list of “Hot 100 West Coast Trends.” The winery is now located in the industrial area of La Mesa, with offsite tasting rooms nearby in The Village of La Mesa and Downtown San Diego at Seaport Village.

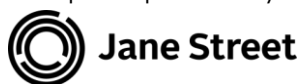

The wine maker experience first kicks off with a public water taxi transfer across the picturesque San Diego Bay from Coronado Island. You will see the San Diego city skyline, Coronado bridge, USS Midway and more. Once at the winery, located in the historic Seaport Village, you’ll be invited to a set tasting flight led by the winery’s wine maker, offering an in-depth look at the wine making process. A full glass of your favorite wine will end the tasting tour. Afterwards, enjoy exploring The Village of La Mesa at some unique shops. Transportation will return you to the hotel.

DINNER WITH GUEST SPEAKER DR. POPPY CRUM - *Constellation Ballroom, 2nd Floor*

Optimizing Human Performance Through Technology

In a stunning presentation packed with visuals and interactive exercises, Dr. Poppy Crum explores the human and consumer applications of rapidly-advancing technology. Ticking through the many ways smart technology will improve our lives in years to come, Dr. Crum paints a picture of a future society where companies better understand how customers experience their individual worlds to provide them with products that match their specific needs, where doctors more quickly diagnose and treat patients, where our brains evolve to see at the same resolution as computers, and where the human capacity for knowledge is expanded exponentially. An optimistic and inspiring overview of a technology-enabled future where human capacity and performance is turbo-charged, as well as the ways organizations can embrace this change now, Dr. Crum argues that technology will not replace human interactions and experiences—but rather make them better than we could ever imagine.

Speaker:

Dr. Poppy Crum, Expert in Technology-Driven Innovation & Human Evolution, Stanford University Adjunct Professor, Chief Scientist at Dolby Laboratories, Neuroscientist, and Technologist

POST-CONFERENCE OPTIONAL ACTIVITY: Golf at Torrey Pines (North Course)

PLEASE NOTE: *Transportation is not provided. This activity is not included in spouse/guest fee. For more details, check at the onsite ACLI registration desk.*

Tee Times at Torrey Pines North Course beginning at 11:30 AM.

Torrey Pines Golf Course is a 36-hole municipal public golf facility on the west coast of the US, owned by the city of San Diego, CA. It sits on the coastal cliffs overlooking the Pacific Ocean in the community of La Jolla, just south of Torrey Pines State Reserve. The North Course was newly renovated in 2016 by Tom Weiskopf. It is the host of the PGA Tour's Farmers Insurance Open. For many, the north course is more scenic, having more picture-perfect opportunities along the track. *Limited to 16 players.*
