

75 MILLION AMERICAN FAMILIES RELY ON LIFE INSURANCE AND RETIREMENT ANNUITIES.

This week, hundreds of life insurance agents and financial advisors are on Capitol Hill talking with legislators about the role our industry plays in the lives of **75 million American families**:

- Life insurers pay out **\$1.5 billion every day** to American families and businesses.
- **20% of Americans' long-term savings** are in life insurance products.
- The life insurance industry generates **2.5 million American jobs**.

The Americans to Protect Family Security coalition works together to protect the financial futures of American families.
