

## **Vice President, Insurance Regulation**

The American Council of Life Insurers seeks a senior level professional to direct the regulatory and legislative strategy issues and policies, on assigned issues, affecting the life insurance industry. The person will be responsible for issues such as long-term care insurance, group insurance, and annuities.

Working closely with federal and state relations staff, this position will be responsible for managing policy development and the implementation plan relating to their assigned issues; staff assigned committees/task forces; provide technical/substantive assistance and legal support to internal staff as well as member companies; assist in preparing testimony and draft comments regarding legislative/regulatory proposals.

The position requires at least 10 years of relevant experience in the life insurance and/or financial services industry, and a Bachelor's degree in related field. Graduate degree or Fellowship in Society of Actuaries preferred. Must be familiar with wide range of life insurance company products with special knowledge in the issue areas stated above. Must have considerable knowledge of state and federal legislative and regulatory processes. Requires strong analytical ability; excellent oral and written communication; ability to work in and with teams; and considerable ability to transform issues and arguments into technically accurate written documents that are understandable and persuasive.
