

Regional Vice President

The ACLI is searching for a dynamic individual to join its State Relations team. This person will assume responsibility for all legislative, regulatory and political matters affecting member companies and their products, services and operations in assigned states. In carrying out these responsibilities, achieve recognition by public policymakers as chief advocate for interests of life insurers in assigned states.

Requires a bachelor's degree in political science, business, communications or related field. Law degree and admission to bar strongly preferred. Minimum of 10 years of legislative, regulatory and/or lobbying experience and knowledge and understanding of state government required. Knowledge of and experience in life insurance or financial services industry required. Demonstrated ability to manage legislative and regulatory matters in states with a substantial life insurance market.
